# About StarBoard

*StarBoard is an e-learning company passionate about creating an environment that allows organisations and educational institutes to embrace, collaborate and interact with technology effectively.*

Starboard EMEA, founded in 2007, headquartered in Berlin, Germany is a leading manufacturer of interactive technology solutions with an intellectually inspiring history of developing cutting-edge products that help businesses and individuals alike to be more productive and efficient. With a strong R&D team and multiple production lines, we have our own hardware patents and software copyrights. Through its distributors, agents, and OEM&ODM partners worldwide, the company has exported products to more than 70 countries and areas, receiving unanimous recognition from users.

We have also acquired 3C, CE, ROHS, FCC, ISO9001, ISO14001, and OHSAS18001 certificates. We classify our product range into Starboard Software, Projectors, Interactive Displays, and Interactive Whiteboards.

“

**We are constantly  
expanding our wings  
into new markets with  
novel product  
offerings**

We offer collaborative solution combining interactive digital whiteboard and innovative smart software. Increase engagement and efficiency at your brainstorming sessions, virtual training, and classroom sessions by integrating your favorite applications with video conferencing and an infinite, mess-free writing canvas. Our products are perfect for collaborative environments that connect people and businesses globally. We can customise any product to meet any tender requirement within 15 days of production, maintaining StarBoard brand.

***Advancing design & technology  
to fit people's ever-changing  
lifestyle and needs better.***

# REFRESH YOUR WORKSPACE

## StarBoard TE-YL5

Meet. Brainstorm. Annotate. Present. Teach. Stream. Do it all with our Business Solutions.

### Thinner, Faster, Lighter

The StarBoard YL5 Series provides a new look and feel for IR products. It is one of the thinnest IR Touch Frames and offers an ultra-slim design. Capture your audience with our high-quality interactive display, making your presentation or meetings simple and efficient. Allows your choice of multi-finger touch to interactively sketch, design, write or conceptualise on an infinite canvas. Equipped with StarBoard's Interactive Software, SBS Note, StarBoard Online, StarClass Management, and iMagic.

Android 13

Compatibility Windows  
Mac OS & Linux

Built-in 15w Speakers

# SEAMLESSLY CONNECT WITH YOUR CLASS **StarBoard Software**

The StarBoard Software is a user-friendly software developed to favour the educator's approach to digitalisation with its customisable floating toolbar allows the teacher to design their lessons to suit their needs.

We include our software **at no charge and without annual renewal fees** with all StarBoard products.

## Key Benefits

01

Free conference call with up to 49 other users.

02

Great for Writing, Annotating, and Drawing.

03

Wide selection of pens and inks to maximize creativity.

04

It allows you to read and annotate PDFs easily, supports different formats, and allows you to save and share them.

05

The integrated search engine allows direct access to the Web.

06

Collaborative tools (data conference, multiple users, multi-input pad, etc.)

07

We include our software free of charge and without annual renewal fees with all StarBoard products.

08

Wide range of integrated educational resources, accessories, tools, games, and animations for main subjects such as Math, Chemistry, etc.

# SBS NOTE

Keep track of key ideas, formulate thoughts, interpret text and solve mathematical equations.

It's a great way to manage and annotate documents and pictures. It is easy to use and has various features, making it an excellent tool for students, professionals, and anyone who needs to annotate and manage documents, pictures and presentations.

## Key Benefits SBS Note

- ▶ Designed by StarBoard
- ▶ Integrated with Android
- ▶ Share by email or QR Code
- ▶ Great for Writing, Annotation, & Drawing.

Whether you're a teacher seeking innovative ways to educate or a student eager to explore, StarBoard Online is your passport to a world of interactive and immersive learning. Get ready to revolutionise your online education experience!

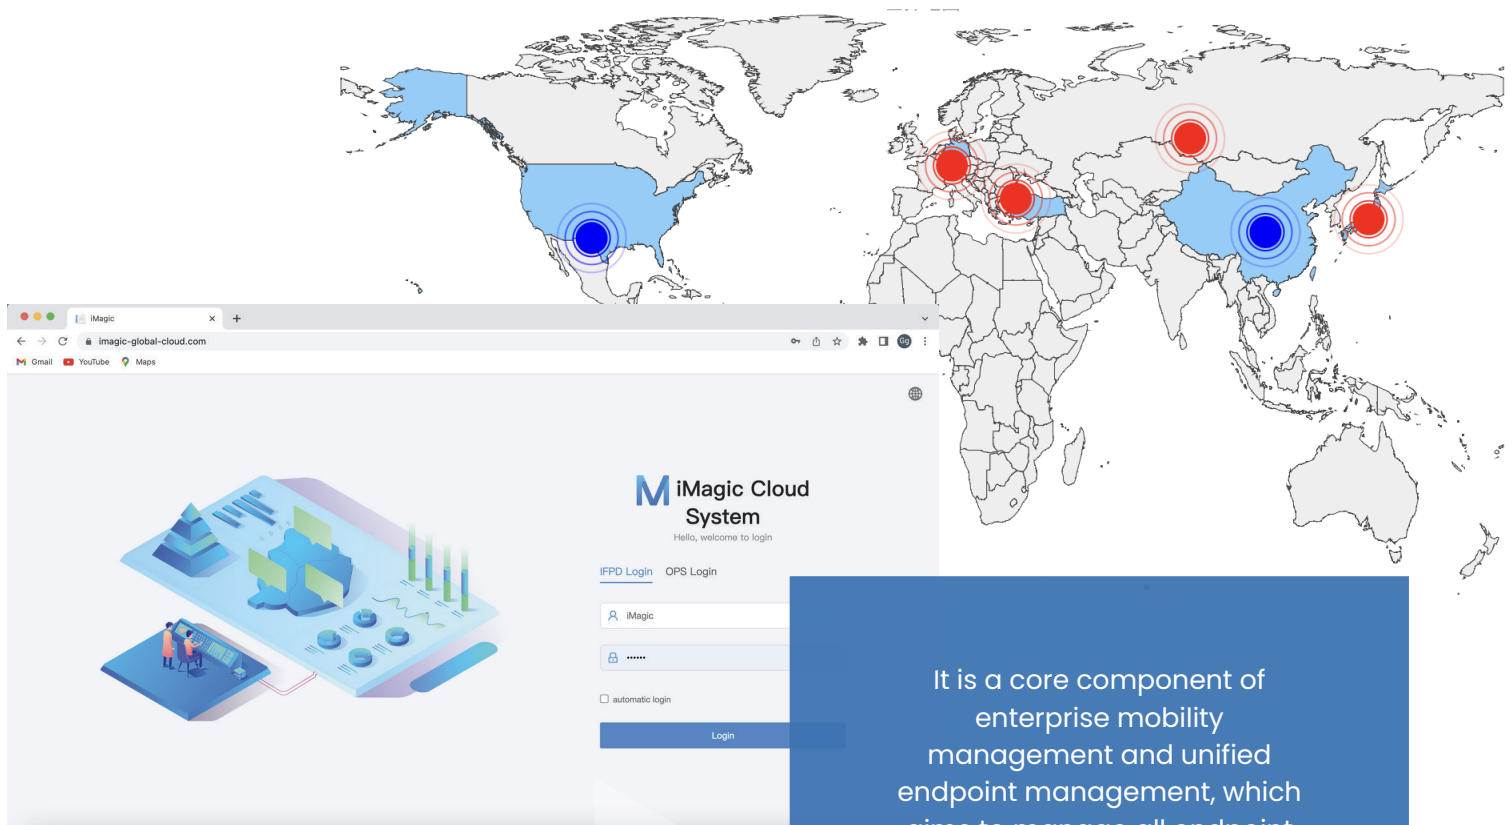

StarBoard Online is your gateway to seamless, interactive, and engaging virtual classrooms. Enhance your lessons with iMagic Resources – a treasure trove of interactive materials and tools to captivate your audience and elevate your teaching methods.

## Key Benefits of StarBoard Online

- ▶ Create your Online Class
- ▶ Interactive whiteboard area
- ▶ Teacher – Students interaction
- ▶ iMagic Resources

# iMagic Solution

## Monitor, Manage and Secure Easily With our IFPD **Mobile Device Management** Solution

Our iMagic centralised control platform has remote equipment control, account management, role management and other functions that help keep all devices secure while keeping the workforce flexible and productive.

It is a core component of enterprise mobility management and unified endpoint management, which aims to manage all endpoint devices with a single console. This platform includes mobile application management tools, identity and access management, and enterprise file sync and sharing.

iMagic intends to optimise the functionality and security of mobile devices within the enterprise while protecting the corporate network.

# EShare

“

Initiating wireless sharing has become simpler, enabling seamless brainstorming and productive teamwork within your school or enterprise.

The user engagement offered by EShare is intuitive, pleasurable, and exceptionally well-matched for educational and business presentations.

Experience unparalleled connectivity with the capability to link up to 128 devices simultaneously, with 9 members conveniently visible on-screen.

Seamlessly share content from various sources, including laptops, mobile phones, and tablets. EShare ensures compatibility across various operating systems, supporting Win/macOS/ChromeOS/Android/iOS/Ubuntu platforms.
